

Video Visions Inc. Announces New Management Team

SOURCE: [Video Visions Inc.](#) RELEASED August 17, 2009

Philadelphia, PA - It was with great sadness that Video Visions Inc. announced the passing of its founder, Arthur Milanese, on March 21st. Arthur began his career in the Audio Visual business in 1973, and his lifetime of work has culminated in what Video Visions Inc. is today, a leader in systems integration for large screen displays and video wall applications. They are authorized dealers for most of the major manufacturers of commercial AV products.

The company has announced the election of new officers to assume Arthur's responsibilities and continue his legacy.

Mary Ellen Milanese-DiStasio has been appointed President. Mary Ellen has a degree in Management and Marketing from Holy Family University, and began her career with Video Visions Inc. in 1997 as a project manager. In 2007, she was promoted to Vice President, and assumed responsibility for the day to day business operations.

Janet Milanese has been named Treasurer/Secretary. Janet joined Video Visions Inc. in 2006 as a project manager and Assistant Treasurer. She has a Bachelors degree in Business Administration from The Wharton School at the University of Pennsylvania, and worked for 30 years as an investment sales professional for various brokerage firms prior to joining Video Visions Inc.

The AV industry has welcomed the new management team. Andrew Nelkin, President of Panasonic Professional Display Company was quoted as saying "Panasonic Professional Display Company has had a very successful history of collaboration and growth with Video Visions. We anticipate they will remain a valued dealer under their new management structure, maximizing our mutual business opportunities." And Dominic Cuce', Regional Sales Manager for Planar Display Systems has said, "Although saddened by Art's passing, I am heartened by the knowledge that an excellent team has been chosen to continue Art's legacy and meet the challenges of our fast-changing industry."

Video Visions Inc. is pleased to report that they have retained their current sales and technical staff through this management transition. With a sales team headed by Steven Artsis in the New York office, and Joe McConahy in the Florida office, sales have continued to rise even in the current economic downturn.
